RE: Ontario Student Associations – Resolution of Bargaining Process

As united representatives of 20 student associations across Ontario who called upon both bargaining teams to come to a resolution that put students first, we would like to extend a sincere thank you for agreeing to conclude the bargaining process through binding interest arbitration.

The tireless efforts both teams put into the 12-hour marathon round of bargaining on March 17, 2022, has resulted in a sigh of relief from more than 240,000 Ontario college students. We are pleased to know that the potential catastrophic harm further labour action could have had on students' educations and lives has been avoided. The excitement we and the students we represent feel at hearing this news cannot be overstated.

Again, thank you to both bargaining parties for your time and efforts in these matters and for taking the necessary steps to provide certainty for college students across Ontario.
